AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

- 1. (Cancel)
- 2. (Previously Presented) The method of claim 12, further comprising: holding said invitation open for a predetermined period of time; and providing said customer with information on how to access said invitation at a future date.
- 3. (Previously Presented) The method of claim 12, wherein said customer data includes at least one of said customer's:

name;

address;

telephone number;

social security number;

photo identification card; and

membership card relating to said selling entity.

- 4. (Previously Presented) The method of claim 12, further comprising determining whether a membership status of said customer is active or inactive; wherein further said credit worthiness check is performed on customer data with an active status.
- 5. (Previously Presented) The method of claim 12, further comprising determining whether said customer has a current charge account with said selling entity.

- 6. (Previously Presented) The method of claim 12, wherein said credit worthiness check is performed by a credit bureau.
- 7. (Previously Presented) The method of claim 12, wherein said credit worthiness check is performed by a credit issuer.
- 8. (Previously Presented) The method of claim 12, wherein said credit worthiness check is a full bureau check.
- 9. (Previously Presented) The method of claim 12, wherein said credit worthiness check is a partial bureau check.
- 10. (Previously Presented) The method of claim 12, wherein said performing a credit worthiness check comprises determining at least one of a credit account limit, an annual percentage rate, and an account type, for customers who have met specified criteria for said credit pre-approval determination.
- 11. (Previously Presented) The method of claim 12, further comprising printing out said invitation and providing a term or a condition of said invitation.
- 12. (Previously Presented) A method for pre-screening customer data of a customer by a selling entity at a point of sale location, comprising:

receiving said customer data at a point of sale system; and

during the course of a single check out process at said point of sale location:

transmitting said customer data to a server;

searching a database for said customer data;

performing a credit worthiness check to determine a credit preapproval of said customer, said performing is done using a result of said searching and without knowledge of and uninitiated by said customer;

providing said customer with an invitation to open a charge account, wherein said providing of said invitation comprises offering said customer an incentive to accept said invitation through at least one of a discount for a purchase and a reduced interest rate;

opening said charge account upon acceptance of said invitation by said customer; and

selectively executing a charge purchase during said check out process at said point of sale system using said opened charge account.

- 13. (Original) The method of claim 2, wherein said providing said customer information on how to access said invitation at a future date includes printing said information on a receipt at said point of sale system.
- 14.(Previously Presented) The method of claim 12, wherein data related to a declination of said invitation is transmitted to said server, and a customer record relating to said data is updated.
- 15. (Previously Presented) The method of claim 12, further comprising providing said customer with a charge card.
- 16. (Previously Presented) The method of claim 12, further comprising performing a fraud check, said fraud check including verifying said customer's identity.

17. (Cancel)

18. (Previously Presented) The storage medium of claim 28, further comprising:

holding said invitation open for a predetermined period of time; and providing said customer with information on how to access said invitation at a future date.

19. (Previously Presented) The storage medium of claim 28, wherein said customer data includes at least one of said customer's:

name;

address;

telephone number;

social security number;

photo identification card; and

membership card relating to said selling entity.

- 20. (Previously Presented) The storage medium of claim 28, further comprising determining whether a membership status of said customer is active or inactive; wherein further said credit worthiness check is performed on customer data with an active status.
- 21. (Previously Presented) The storage medium of claim 28, further comprising determining whether said customer has a current charge account with said selling entity.
- 22. (Previously Presented)The storage medium of claim 28, wherein said credit worthiness check is performed by a credit bureau.

- 23. (Previously Presented)The storage medium of claim 28, wherein said credit worthiness check is performed by a credit issuer.
- 24. (Previously Presented)The storage medium of claim 28, wherein said credit worthiness check is a full bureau check.
- 25. (Previously Presented)The storage medium of claim 28, wherein said credit worthiness check is a partial bureau check.
- 26. (Previously Presented) The storage medium of claim 28, wherein said performing a credit worthiness check comprises determining at least one of a credit account limit, an annual percentage rate, and an account type for customers who have met specified criteria for said credit pre-approval determination.
- 27. (Previously Presented) The storage medium of claim 28, further comprising printing out said invitation and providing a term or a condition of said invitation.
- 28. (Previously Presented) A storage medium encoded with machine-readable computer program code for pre-screening customer data by a selling entity for a customer at a point of sale location, the storage medium including instructions for causing the selling entity to implement a method comprising:

receiving said customer data at a point of sale system; and

during the course of a single check out process at said point of sale location:

transmitting said customer data to a server;

searching a database for said customer data;

performing a credit worthiness check to determine a credit preapproval of said customer, said performing is done using a result of said searching and without knowledge of and uninitiated by said customer;

providing said customer with an invitation to open a charge account, wherein said providing of said invitation to comprises offering said customer an incentive to accept said invitation through at least one of a discount off of a purchase and a reduced interest rate;

opening said charge account, upon acceptance of said invitation by said customer; and

selectively executing a charge purchase during said check out process at said point of sale system.

- 29. (Original) The storage medium of claim 18, wherein said providing said customer information on how to access said invitation at a future date includes printing said information on a receipt at said point of sale system.
- 30. (Previously Presented) The storage medium of claim 28, wherein data related to a declination of said invitation is transmitted to said server and a customer record relating to said data is updated.
- 31. (Previously Presented) The storage medium of claim 28, further comprising providing said customer with a charge card.
- 32. (Previously Presented) The storage medium of claim 28, further comprising performing a fraud check, said fraud check including verifying said customer's identity.

33 - 37. (Cancel)
